Day 1

Florida Everglades and Key Largo – Meet your tour leaders at 7:30 a.m. at the Hilton Miami Airport Blue Lagoon for a shuttle to the Everglades Alligator Farm where you will experience a breathtaking airboat ride through mangroves and the Everglades grasslands. Lunch will be at the Schnebly Redland's Winery & Brewery which uniquely crafts all of its wines from a variety of Florida fruits and you can sample lychee, passion fruit, carambola, guava and mango wines, just to name a few. After lunch you will head to the Everglades National Park which stretches across 1.5 million acres over the southern part of Florida.

GOOD TO KNOW

Every Sojourn trip is different in their own unique ways. We want you to be aware of them so that you can only have the best experiences possible. Please know, whichever trip you choose we are committed to make it the trip of a lifetime!

Mere inches above sea level, the Everglades is a biological park that is home to a rich diversity of plants and animals including 36 threatened or endangered species such as the American alligator, crocodile, Florida panther and the West Indian manatee. Given its biological significance, the Everglades National Park has the distinction of being an International Biosphere Reserve, a World Heritage Site, and a Ramsar Wetland of International Importance. At the Royal Palm Visitor Center the 0.8 mile Anhinga Trail winds through the sawgrass marsh where you may see alligators, turtles, anhingas, herons, egrets, and many species of wildlife that are native to the Everglades.

You will then be fitted to your bike and your leaders will conduct an introductory meeting and safety review. The first ride of the tour will take you from the visitor center to the raised overlook at the Pa-Hay-Okee boardwalk which provides sweeping vistas of the "river of grass." You will then transfer to Key Largo and enjoy a private welcome reception before an exquisite dinner featuring fresh local ingredients.

Marathon to Key West – From Key Largo to Key West there are 42 bridges, this morning you start out by crossing the famous Seven Mile Bridge. Pedal along the FKOHT that cuts through the mangroves and enjoy the crystal blue waters that are dotted by hammocks. Big Pine Key Island is the only place in the world that is home to the endangered Key Deer. The Key Deer are much smaller than other species of deer such as the common North American whitetail.

Be careful when you ride on Big Pine Key since the speed limit is slower. Today's lunch stop is on your own; there are many local eateries along the way and Boondocks (MM 27.1), which has a fabulous assortment of local fare, is about half way. After lunch, if you want to treat yourself to the richness of a locally roasted coffee, stop at Baby's Coffee MM 15. As you near your destination, you will pass the U.S. Naval Air Station on Boca Chica Island which is 6 miles from Key West and frequently has fighter jets overhead.

Once you cross over the last bridge onto the island of Key West, you will ride along the bikeway fronting the Gulf of Mexico before arriving at your waterside hotel for the next two nights, The Capitana. The downtown is full of interesting shops and restaurants offering abundant options for dinner this evening.
